

# Safety Data Sheet

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

**Product Name:** After Wax Lotion With Aloe Vera & Lavender Group A  
**Product Code:** SPB0025

**Application of the mixture:** Emulsions: cleansers, moisturisers, creams, serums, masks, sun protection

**CAS No:** none

### Company Name and Address:

Bellitas Ltd,  
Unit 12 Prospect Drive,  
Britannia Enterprise Park,  
Lichfield,  
Staffs.  
WS14 9UX

**Emergency Telephone No: +44 (0) 1543 416611**

## SECTION 2: Hazards identification

### 2.1 Classification of the substance or mixture

Classification according to EC 1272/2008  
Product is not Hazardous, nor classified under EC1272/2008

The full text for all Risk Phrases and Hazard Statements are displayed in section 16

### 2.2 Label Elements

**Signal word:** None

**Hazard Statements:**  
Product is not Hazardous, nor classified under EC1272/2008

**Precautionary Statements:**  
P402+404: Store in a dry place. Store in a closed container.  
P410+403: Protect from sunlight. Store in a well-ventilated place.

## SECTION 3: Composition/information on ingredients

### 3.1 Substances

Not applicable – product is a mixture

### 3.2 Mixtures/Ingredients

Aqua (water), Glycerin, Stearic Acid, Paraffinum Liquidum, Cetearyl Alcohol, Theobroma Cacao (Cocoa) Seed Butter, Triethanolamine, Phenoxyethanol, Polysorbate 20, Sorbitan Oleate, Xanthan Gum, Aloe Barbadensis Leaf Juice, Lavandula Angustifolia (Lavender) Oil, Chlorphenesin, Dichlorobenzyl Alcohol, Limonene, Linalool.

Name/Form.	CAS / EC No.	Concentration	Classification
1359	none	n/a	Product has no classifications

Main Active(s)

The full text for all R-Phrases and Hazard Statements are displayed in section 16

# Safety Data Sheet

## SECTION 4: First aid measures

### 4.1 Description of first aid measures

<b>Inhalation</b>	This product does not contain any volatile substances.
<b>Skin Contact</b>	The product is designed to be used for topical application, according to instructions.
<b>Eye Contact</b>	Wash well with water; if irritation persists seek medical advice.
<b>Accidental Ingestion</b>	Drink milk or water.

### 4.2 Most important symptoms and effects, both acute and delayed

<b>Inhalation</b>	Symptoms unlikely from small amounts.
<b>Skin Contact</b>	Minimal effect.
<b>Eye Contact</b>	If liquid gets into the eyes it may cause redness, stinging, watering of the eye.
<b>Ingestion</b>	Ingestion of the liquid may cause irritation to the throat and mouth.

### 4.3 Indication of any immediate and any special treatment needed

<b>Immediate / special treatment</b>	Symptomatic treatment as required
--------------------------------------	-----------------------------------

## SECTION 5: Firefighting measures

### 5.1 Extinguishing media

<b>Use:</b>	Not flammable, extinguishing not required.
<b>Avoid:</b>	Spread of leaking liquid or powder.

### 5.2 Special Hazards arising from the substance or mixture

No immediate fire hazard.  
No vapours likely from this product.  
No toxic gases emitted from this product.

### 5.3 Advice for firefighters

Wear suitable gloves for clear up.  
Breathing apparatus only required if pungent smell exists.  
Do not allow solutions to run off into drains.

### Additional information

None.

## SECTION 6: Accidental release measures

### 6.1 Personal precautions, protective equipment and emergency procedures

Normal protective clothing.

### 6.2 Environmental precautions

Avoid spreading of the material. Contain spillages with sand, earth or suitable inert absorbent material. Prevent further spillages.  
Do not allow to penetrate the ground/soil, enter drains or water courses. Cover drains. In the case of contamination of water courses or sewers advise the Environmental Agency, fire brigade and police.

### 6.3 Methods and materials for containment and cleaning up

Absorb with liquid binding material, vermiculite, sand, earth or suitable inert absorbent material.  
Rinse site with copious amounts of water, which should not be allowed into drains, sewers or watercourses

### 6.4 Reference to other sections

See section 7 for information on safe handling  
See section 8 for information on protective equipment  
See section 13 for disposal information

# Safety Data Sheet

## SECTION 7: Handling and storage

### 7.1 Precautions for safe handling

Take normal hygienic precautions  
Ensure good interior ventilation.

### 7.2 Conditions for safe storage, including any incompatibilities

#### Storage

Store in a cool, dark place for maximum shelf life.

#### Incompatibilities

Store away from oxidising agents.  
Store away from alkalis (caustic solution).  
Store away from acids.

### 7.3 Specific end use(s)

No special precautions.

## SECTION 8: Exposure controls/personal protection

### 8.1 Control parameters

#### Workplace exposure limits

Name	Std	TWA 8 hour exposure limit	STEL 15 minute exposure limit	Source/Type
Product has not been assessed for Exposure Control.				

#### DNELS

	Worker	Consumer
Human oral	Systemic effects none stated	Systemic effects none stated
Human dermal	none stated	none stated
Human inhalation	none stated	none stated
Human inhalation	none stated	none stated

#### PNECS

PNEC Aqua (Freshwater)	none
PNEC Aqua (Marine)	none
PNEC Sediment	none
PNEC Soil	none

### 8.2 Exposure controls

Engineering measures	Provide eyewash station.
Respiratory protection	Respiratory equipment not required.
Hand protection	For prolonged contact with the product wear suitable gloves.
Eye protection	Wear approved safety goggles where necessary.
Skin protection	Remove excess product from the skin.
Other protective & hygiene measures	Keep away from foodstuffs, beverages and feed. Wash hands before breaks and at the end of work.

## SECTION 9: Physical and chemical properties

### 9.1 Information on the basic physical and chemical properties

Appearance	Creamy emulsion.
Odour	Fragranced with perfume or essential oils.
Odour threshold	Not determined
pH value	pH 5.0 - 9.0
Solubility in water	Dispersible in water.
Initial boiling point/boiling range °C	None specified
Melting Point / range °C	None specified
Flash point °C	Not flammable
Upper/lower flammability limits	Typically 2-12%
Vapour pressure at 20°C	None specified
Vapour density at 20°C	None specified
Auto ignition temperature °C	None specified
Alcohol content	None
Specific gravity	0.95 - 1.1
Viscosity at 20°C	18 - 95 (Brookfield LVT Dial)

### 9.2 Other information

None

# Safety Data Sheet

## SECTION 10: Stability and reactivity

### 10.1 Reactivity

Not considered to be reactive

### 10.2 Chemical stability

Stable under normal conditions and storage. See section 7

### 10.3 Possibility of hazardous reactions

No known hazardous reactions.

### 10.4 Conditions to avoid

High temperatures and direct sun light.

### 10.5 Incompatible materials

Strong oxidising agents, strong acids, strong alkalis.

### 10.6 Hazardous decomposition products

Thermal decomposition or combustion may include oxides of carbon or nitrogen.

## SECTION 11: Toxicological information

### 11.1 Information on toxicological effects

This product has not been tested. Judgements on the expected toxicity of this product have been made based upon consideration of its major components.

Acute toxicity                      This product has not been subjected to toxicity testing.

Inhalation                          No known inhalation effects.

Skin contact                        Prolonged and frequent exposure may cause minor skin irritations.

Ingestion                            Gastrointestinal symptoms, including upset stomach

Eye contact                         Irritating to the eyes

**Comments**                        This product has been assessed as safe to use under normal conditions of use and according to instructions.

## SECTION 12: Ecological information

This product has not been subjected to toxicological testing. Judgements on the expected toxicity of this product have been made based upon consideration of its major components.

This product components are not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment

### 12.1 Toxicity

Toxicity to fish                      No data available.

Toxicity to invertebrates            No data available.

Toxicity to algae                     No data available.

### 12.2 Persistence and degradability

Readily biodegradable.

### 12.3 Bioaccumulation

No data available.

### 12.4 Mobility in soil

No further relevant information available

### 12.5 Results of PBT and vPvB assessment

Not applicable

### 12.6 Other adverse effects

No further relevant information available

## SECTION 13: Disposal considerations

Dispose according to local authority regulations.

# Safety Data Sheet

## SECTION 14: Transport information

### 14.1 UN number

UN No. (ADR/RID/IMDG/IATA)

No

### 14.2 UN proper shipping name

Not applicable

### 14.3 Transport hazard class(es)

ADR, IMDG, IATA

None

None

### 14.4 Packing group

None (ADR/RID/AND/IMDG/ICAO,IATA)

### 14.5 Environmental hazards

Marine pollutant

None

### 14.6 Special precautions for user

Danger code (Kemlar)/hazard no. (ADR)

None

EMS no.

None

Tunnel restriction code

None

### 14.7 Transport in bulk according to annex II of Marpol and the IBC Code

Not applicable

### 14.8 Additional information

Limited quantities (LQ)

None Litre(s)

EC N°

## SECTION 15: Regulatory information

### 15.1 Safety, health and environment regulations/legislation specific for the substance or mixture

All components are listed as existing substances in Europe

### 15.2 Chemical safety assessment

A product Safety Assessment has been carried out in accordance with EC 1223/2009, Cosmetic Product Safety Regulations.

## SECTION 16: Other information

Classification of the mixture is in general based on calculation method using substance data, as required by (EC) 1272/2008

### Abbreviations and acronyms used in the safety data sheet

CAS No	Chemical Abstracts Service number
DNEL	Derived No-Effect Level
EC	European Community
EEC	European Economic Community
EMS No	Emergency Response Procedure number
Eye Irrit.	Eye Irritant
Flam. Liq.	Flammable Liquid
hPa	1 hPa = 100 Pa (Pascal)
LC50	Lethal Concentration, 50%
LD50	Lethal Dose, 50%
PBT	Persistent, Bio accumulative and Toxic
PNEC	Predicted No-Effect Concentration
Ppm	Parts Per Million
REACH	Registration, Evaluation, Authorisation and Restrictions of Chemicals
STOT	Specific Target Organ Toxicity
vPvB	Very Persistent and Very Bio accumulative
WEL	Workplace Exposure Limit

### Hazardous and Precautionary Statements in full used in section 2 and 3

#### Hazard Statements:

Product is not Hazardous, nor classified under EC1272/2008

#### Precautionary Statements:

P402+404: Store in a dry place. Store in a closed container.

P410+403: Protect from sunlight. Store in a well-ventilated place.

Version 20: 1

Issue Date: 01/08/2023
