# SECTION 1: Identification of the substance/mixture and of the company/undertaking

Product Name: Product Code: Massage Cream SPB0600

Group A

Application of the mixture: Emulsions: cleansers, moisturisers, creams, serums, masks, sun protection

CAS No: Solution

**Company Name and Address:** Bellitas Ltd, Unit 12 Prospect Drive, Britannia Enterprise Park, Lichfield, Staffs. WS14 9UX

Emergency Telephone No: +44 (0) 1543 416611

### **SECTION 2: Hazards identification**

### 2.1 Classification of the substance or mixture

Classification according to EC 1272/2008 Product is not Hazardous, nor classified under EC1272/2008

The full text for all Risk Phrases and Hazard Statements are displayed in section 16

2.2 Label Elements

Signal word:

None

### **Hazard Statements:**

Product is not Hazardous, nor classified under EC1272/2008

### **Precautionary Statements:**

P402+404: Store in a dry place. Store in a closed container. P410+403: Protect from sunlight. Store in a well-ventilated place.

# **SECTION 3: Composition/information on ingredients** 3.1 Substances Not applicable - product is a mixture 3.2 Mixtures/Ingredients Aqua (water), Paraffinum Liquidum, Petrolatum, Cetearyl Alcohol, Propylene Glycol, Polysorbate 20, Sorbitan Palmitate, Glycol Stearate, Parfum (fragrance), Phenoxyethanol, Chlorphenesin, Dichlorobenzyl Alcohol, Triethanolamine. CAS / EC No. Classification Name/Form. Concentration 133 Solution n/a Product has no classifications Main Active(s) The full text for all R-Phrases and Hazard Statements are displayed in section 16

### **SECTION 4: First aid measures**

### 4.1 Description of first aid measures

Inhalation	This product does not contain any volatile substances.
Skin Contact Eye Contact	The product is designed to be used for topical application, according to instructions. Wash well with water; if irritation persists seek medical advice.
Accidental Ingestion Drink milk or water.	
-	
-	Drink milk or water. mptoms and effects, both acute and delayed Symptoms unlikely from small amounts.

Immediate / special treatment Symptomatic treatment as required

### **SECTION 5: Firefighting measures**

### 5.1 Extinguishing media

Use:Not flammable, extinguishing not required.Avoid:Spread of leaking liquid or powder.

### 5.2 Special Hazards arising from the substance or mixture

No immediate fire hazard. No vapours likely from this product. No toxic gases emitted from this product.

### 5.3 Advice for firefighters

Wear suitable gloves for clear up. Breathing apparatus only required if pungent smell exists. Do not allow solutions to run off into drains.

### Additional information

None.

# **SECTION 6: Accidental release measures**

### **6.1 Personal precautions, protective equipment and emergency procedures** Normal protective clothing.

. . . . . .

### 6.2 Environmental precautions

Avoid spreading of the material. Contain spillages with sand, earth or suitable inert absorbent material. Prevent further spillages.

Do not allow to penetrate the ground/soil, enter drains or water courses. Cover drains. In the case of contamination of water courses or sewers advise the Environmental Agency, fire brigade and police.

6.3 Methods and materials for containment and cleaning up

Absorb with liquid binding material, vermiculite, sand, earth or suitable inert absorbent material.

Rinse site with copious amounts of water, which should not be allowed into drains, sewers or watercourses

### 6.4 Reference to other sections

See section 7 for information on safe handling See section 8 for information on protective equipment

See section 13 for disposal information

### **SECTION 7: Handling and storage**

### 7.1 Precautions for safe handling

Take normal hygienic precautions Ensure good interior ventilation.

# 7.2 Conditions for safe storage, including any incompatibilities Storage

Store in a cool, dark place for maximum shelf life.

### Incompatibilities

Store away from oxidising agents. Store away from alkalis (caustic solution). Store away from acids. **7.3 Specific end use(s)** No special precautions.

# **SECTION 9: Physical and chemical properties**

### 9.1 Information on the basic physical and chemical properties

9.2 Other information	None
Viscosity at 20°C	18 - 95 (Brookfield LVT Dial)
Specific gravity	0.95 - 1.1
	None
Alcohol content	
Auto ignition temperature °C	None specified
Vapour density at 20°C	None specified
Vapour pressure at 20°C	None specified
Upper/lower flammability limits	Typically 2-12%
Flash point °c	Not flammable
Melting Point / range <sup>o</sup> C	None specified
Initial boiling point/boiling range <sup>o</sup> C	None specified
Solubility in water	Dispersible in water.
pH value	pH 5.0 - 9.0
Odour threshold	Not determined
Odour	Fragranced with perfume or essential oils.
Appearance	Creamy emulsion.

10.1 Reactivity	Not considered to be reactive
10.2 Chemical stability	Stable under normal conditions and storage. See section 7
10.3 Possibility of hazardous reactions	No known hazardous reactions.
10.4 Conditions to avoid	High temperatures and direct sun light.
10.5 Incompatible materials	Strong oxidising agents, strong acids, strong alkalis.
10.6 Hazardous decomposition products	Thermal decomposition or combustion may include oxides of carbon or nitrogen.

### **SECTION 11: Toxicological information**

11.1 Information on toxicological effects

This product has not been tested. Judgements on the expected toxicity of this product have been made based upon consideration of its major components.

Acute toxicity	This product has not been subjected to toxicity testing.
Inhalation	No known inhalation effects.
Skin contact	Prolonged and frequent exposure may cause minor skin irritations.
Ingestion	Gastrointestinal symptoms, including upset stomach
Eye contact	Irritating to the eyes
Comments	This product has been assessed as safe to use under normal conditions of use and according to instructions.

# **SECTION 12: Ecological information**

This product has not been subjected to toxicological testing. Judgements on the expected toxicity of this product have been made based upon consideration of its major components.

This product components are not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment

12.1 Toxicity

Toxicity to fish No data available. Toxicity to invertebrates No data available. Toxicity to algae No data available. 12.2 Persistence and degradability Readily biodegradable. 12.3 Bioaccumulation No data available. 12.4 Mobility in soil No further relevant information available 12.5 Results of PBT and vPvB assessment Not applicable 12.6 Other adverse effects No further relevant information available

### **SECTION 13: Disposal considerations**

Dispose according to local authority regulations.

# SECTION 14: Transport information

14.1 UN number		
UN No. (ADR/RID/IMDG/IATA)	No	
14.2 UN proper shipping name	Not applical	ble
14.3 Transport hazard class(es)		
ADR, IMDG, IATA	None	
	None	
14.4 Packing group	None	(ADR/RID/AND/IMDG/ICAO,IATA)
14.5 Environmental hazards		
Marine pollutant	None	
14.6 Special precautions for user		
Danger code (Kemlar)/hazard no. (ADR)	None	
EMS no.	None	
Tunnel restriction code	None	
14.7 Transport in bulk according to annex II		
of Marpol and the IBC Code	Not applical	ble
14.8 Additional information		
Limited quantities (LQ)	None	Litre(s)
EC N°		

# **SECTION 15: Regulatory information**

**15.1 Safety, health and environment regulations/legislation specific for the substance or mixture** All components are listed as existing substances in Europe

### 15.2 Chemical safety assessment

A product Safety Assessment has been carried out in accordance with EC 1223/2009, Cosmetic Product Safety Regulations.

### **SECTION 16: Other information**

Classification of the mixture is in general based on calculation method using substance data, as required by (EC) 1272/2008

### Abbreviations and acronyms used in the safety data sheet

CAS No	Chemical Abstracts Service number
DNEL	Derived No-Effect Level
EC	European Community
EEC	European Economic Community
EMS No	Emergency Response Procedure number
Eye Irrit.	Eye Irritant
Flam. Liq.	Flammable Liquid
hPa	1 hPa = 100 Pa (Pascal)
LC50	Lethal Concentration, 50%
LD50	Lethal Dose, 50%
PBT	Persistent, Bio accumulative and Toxic
PNEC	Predicted No-Effect Concentration
Ppm	Parts Per Million
REACH	Registration, Evaluation, Authorisation and Restrictions of Chemicals
STOT	Specific Target Organ Toxicity
vPvB	Very Persistent and Very Bio accumulative
WEL	Workplace Exposure Limit

### Hazardous and Precautionary Statements in full used in section 2 and 3

### **Hazard Statements:**

Product is not Hazardous, nor classified under EC1272/2008

### **Precautionary Statements:**

P402+404: Store in a dry place. Store in a closed container. P410+403: Protect from sunlight. Store in a well-ventilated place.

> Version 20: 1 Issue Date: 01/08/2023

WE BELIEVE THAT THE INFORMATION CONTAINED HEREIN IS CURRENT AS OF THE DATE OF THIS SAFETY DATA SHEET. IT IS THE USERS OBLIGATION TO DETERMINE CONDITIONS OF SAFE USE OF THIS PRODUCT.
